TECHNICAL SKILLS

- **Programming Languages:** Python, SQL, JavaScript, TypeScript
- **Frontend:** React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication, Fastify
- **Databases:** PostgreSQL, MySQL, MongoDB, Redis
- **DevOps & Cloud:** Docker, AWS, Git, GitHub, CI/CD
- **Tools & Concepts:** Postman, VS Code, Agile, Scrum, OOP, Data Structures, Algorithms

EDUCATION

- **Prince Dr.K Vasudevan College of Engineering & Technology** Aug 2021 - May 2025
B.Tech : Artificial Intelligence & Data Science Chennai, India
 - CGPA: 8.25/10
- **National Matriculation Higher Secondary School** Apr 2020 - Apr 2021
HSC Chennai, India
 - Percentage: 83%

PROJECTS

- **PeopleHub HRMS(Wysbryx Technologies Pvt Ltd):** March 2026 - Present
TypeScript, AWS, Python, PostgreSQL, Git, Node.js, Fastify, Vitest, Tailwind CSS 
 - Developed and enhanced enterprise HRMS modules including Performance Management, Leave Management, Admission Hub, Placement Console, Reports, and Compensation using React.js, Node.js, Express.js, and PostgreSQL.
 - Implemented REST APIs, business validations, and role-based workflows while optimizing SQL queries and application performance for large-scale enterprise applications.
 - Resolved production defects through root cause analysis, API debugging, database investigation, and close collaboration with QA and business stakeholders.
 - Participated in Agile sprint planning, code reviews, Git-based development, and production deployments while delivering high-quality, scalable software solutions.
- **Synergy(Wysbryx Technologies Pvt Ltd):** Dec 2025 - Feb 2026
TypeScript, React.js, Express.js, Node.js, Mongo DB, Docker, Redis, Kafka, Git Tailwind CSS 
 - Contributed to the development and maintenance of enterprise HRMS applications by implementing new features and enhancing existing business modules.
 - Developed frontend components, integrated REST APIs, and optimized backend services using React.js, Node.js, Express.js, and PostgreSQL.
 - Diagnosed and resolved functional issues through API testing, SQL analysis, debugging, and root cause analysis, improving application reliability.
 - Collaborated with developers, QA engineers, and product teams in Agile environments to deliver scalable, maintainable, and production-ready solutions.

INTERNSHIPS

- **Full Stack Developer Intern** Oct 2025 - Present
Wysbryx Technologies Pvt Ltd 
 - Developed responsive web applications using React.js, Node.js, Express.js, and SQL, delivering scalable full-stack solutions with improved user experience.
 - Designed and integrated RESTful APIs, optimized SQL queries, and implemented CRUD operations to improve backend performance and data consistency.
 - Built reusable React components, collaborated with cross-functional teams, and followed Agile Scrum practices using Git for version control.
 - Debugged frontend and backend issues, performed API testing using Postman, and contributed to production-ready feature releases.
